But without the training or a steady hand, it's easy to slip or strain yourself when trying a design solo. The good news? Nail stickers are here to help. Once reserved for children in the playground, nailed stickers have given a serious glow – they are a quick and easy way to pull a top animal mani at home. Wear one of the following and you will ask friends, colleagues and even strangers where you made your nails – trust us. Read on for the best nail stickers to buy now. This nautical nail sticker set by Olive & June gives us a serious summer vibe. All you need to do is peel a slicker (or two!), put it on your clean nails, put it with a clear cover, and voila – a manicure that is really ship shape. When you're in flowers, light up your mani – literally – with these sunflower stickers. An additional bonus: they are super detailed. There's no reason not to reach for the stars - or to reach for these starnail stickers. They come in several colors (including black, white, pink, kalidoscope pink, and holographic opal) to match your look. This tattoo set by Olive & June is the perfect way to send a message with your manicure – it even includes exclamation marks, question marks, stars and hearts for added emphasis. Thanks to these super-thin nail stickers from Maniology, you can turn your mani into a work of modern art. With modern black and white geometric designs, the possibilities are endless. In addition, optical 3D shapes add an additional dimension on a base or clear coat. Give your mani a dose of magic with this set that includes evil eyes, eyelashes, stars and hearts. These super-thin nail stickers awaken your with vivid patterned geometries and mosaics to life, in addition to more delicate options such as white fringe sanity and flowers.
